overwolf {dev}

Hey ,
Welcome to the Overwolf Developers Community!

We’re thrilled to inform you that your Overwolf account has been whitelisted. You are now one step closer to creating an amazing app.

Before you get right to it, here are some **important key steps** you should follow:

1 Start Your Journey

Quickly access our Getting Started Guide for everything you need to begin developing with Overwolf - whether you're new or experienced.

2 Check Game Compliance

Visit our Game Compliance Section to understand the must-dos and must-nots for your Overwolf app.

3 Greenlight Game Integrations

For apps involving Riot games, approval is mandatory, whether you use their API or not. See the Riot Developer Portal for details, and make sure you follow Riot guidelines and polices.

4 Explore Key Resources

Some crucial resources for Overwolf app development, guiding you through platform specifics and building processes:

- Documentation Homepage
- Real-Time Game Events Overview

Join our Community

Looking to get tech support, bounce ideas around, suggest new features, or maybe just chat with fellow developers and our team?
